

## AEG 100Nm torque wheel wrench

EAN: 3221320050422  
SKU: 005042

Wheel nut spanner with pre-loaded torque settings for tightening nuts to 100Nm +/- 4%  
Ergonomic plastified handle. Chrome-vanadium steel. Detachable double-ended socket, 17mm/19mm.  
Safety : your wheel nuts will always be well-tightened thanks to the integral torque action.  
Precision : The wrench is pre-loaded to 100Nm (Newton-metres), and will 'break' with a loud crack to warn you when the correct torque is reached.  
Quality : Tightening your wheel nuts like a professional guarantees security. Your wheels will be neither under- nor over-tightened.
