

FACOM Diesel stop smoke 300ml

EAN: 3221320060155

SKU: 006015

FACOM Stop-Smoke, reduces exhaust emissions from diesel engines. An injector cleaner to optimise the spray pattern, and to raise the octane level for complete combustion. As a result, exhaust emissions are visibly reduced during the MOT smoke test procedure.

May be used with all types of diesel engine irrespective of mileage

A single-use dose, tipped into the fuel tank, treats 50 - 70 litres of fuel
300ml bottle with filler
