

FACOM Steering fluid 500ml

EAN: 3221320060308
SKU: 006030

FACOM power steering fluid 500ml, a high-performance hydraulic fluid used in power steering systems and automatic gearboxes. Formulated to answer the needs of modern vehicles whose weight and performance push the envelope of their lubricants. Effectively combats wear and corrosion in circuits. Reduces noise and avoids the buildup of foam and deposits.

For topping up or complete replacement of power steering systems and automatic gearboxes in utility and industrial vehicles. Fluid conforms to DEXRON III specifications. May be used with DEXRON II

ATTENTION : Do not mix with green fluid.

Conforms to the following manufacturers specifications -

General Motors Dexron III (G-34193) , Ford MERCON , M.B. 236.1, 236.5, 236.10, 236.11 and 236.12 , Volvo 97341-12 , ZFTE-ML 02F, 03D, 04D, 14A, 17C and 11B , MAN 339 type Z-1 and V-1 (ex type F), Allison C4 (C4-22452596) , Voith 55.6335.20 (ex G 607) DIWA D85.., D86..and D502.

Container 500ml (nett) with security plug
