

FACOM penetrating oil for lock

EAN: 3221320061121

SKU: 006112

FACOM lock penetrating oil 150ml, an active formula with high capillary action for rapid, effective unseizing of locks and padlocks. Acts as a fine lubricant to reduce friction and wear on cylinders. Repels damp, protects from rust and reduces the risk of freezing. Suitable for all types of lock - car doors, boats, boiler rooms, safes, padlocks
Aerosol 150ml (nett) with extension tube.
