CONTREJOUR 2 Standard Side Sunscreens

Contrejour is a new concept of curtains for a total blackout in the passenger compartment of your vehicle.

With the 2 faces (black and aluminum), you'll finally effectively protect your passenger compartment and your passengers of the sun and the heat

A sleek style, screens designed to last and fitted with suction cups that have no risk for your children.

Install your curtains only on the side windows of your vehicle and make sure you maintain a good visibility during your journey.

They will fold in an instant and are stored in the pouch provided in the kit.

Square screens, standards rear windows: 36 x 44 cm
