CONTREJOUR 2 Profiled Side Screens

Contrejour is a new concept of curtains for a total blackout of the sun in the passenger compartment of your vehicle. With these 2 faces, black and aluminum, you'll finally effectively protect your passenger compartment and your passengers of the sun and the heat

A sleek style, screens designed to last and suction cups secure without any risk for your children.

Install your curtains only on the side windows of your vehicle and make sure you keep a good visibility during your travel.

They will fold in a tower of hand and fall into the pouch provided in the kit.

Square screens, rear windows standards: 65 x 38 cm
